Kentucky Imitators Fall Down In Their Efforts to Escape.

RIOT AT FRANKFORT PEN.

Three Murderers Attempt to Gain Their Liberty by Violence.

FACTORY BARRICADED FOR HOURS.

The Desperadoes Intimidate a Foreman and a Negro Convict Whom They Use For Protection. Leader Is Fatally Wounded and Another Participant Is Shot.

Frankfort, Ky., Aug. 21.—The officials of the state penitentiary and the men of Frankfort were thrown into a state of wild excitement by a riot in the prison started by an attempt to gain their liberty on the part of three desperate murderers, Lafayette Brooks of Morgan county, and Wallace Bishop and T. Mulligan of Kenton county.

Before the riot, which began at 6 a.m. and lasted until after 10, was quelled and the mutinous convicts captured, Bishop was fatally wounded, Mulligan was shot in the shoulder and a negro convict, Albert Ransom of Louisville, whom the desperados had pressed into service, was hit by a rifle ball.

The rioting started while Brooks, Mulligan and Bishop, one of whom had a pistol concealed about his person, were coming out of the dining room at 6 o'clock to answer a hospital call. Suddenly one of the convicts drew a weapon and compelled Guard A. H. Gill to give up his arms. Guard F. F. Hurst, who rushed to Gill's assistance, was also captured by the convicts. Captain Mat Madigan, acting warden, then rushed forward with six guards and fired on the bunch, but no one was wounded. The convicts then ran across the yard and at the entrance to the reed department of the chair factory captured Charles Willis of Clark county, a foreman. They covered him with their pistols and placing him between them and the guards, retreated to the Rocker department of the chair factory from whence they could command a good view of the entire yard. At a window they stationed Willis and Brooks, with a revolver in his hand, took a position just beside the captive, resting the muzzle of the weapon against the foreman's left side. Then they dared Warden Madigan to capture them, declaring they would kill the foreman at the first move made against them. By this time several hundred citizens, many of them heavily armed, had gathered at the prison gates, but the warden denied admission to all. He issued orders for all the shops to close and for all the prisoners to be returned at once to their cells. He then placed a guard of 60 men around the building in which the desperadoes had barricaded themselves and called upon them to surrender. The convicts' only reply was a taunt. For the protection of Foreman Willis, the warden then determined to starve the desperadoes into submission. In about half an hour a note was dropped from the window of the room where the convicts had taken refuge asking Warden Lillard and Deputy Warden Madigan to come up under a flag of truce and deal with them. This demand was ignored.

The convicts asked that Captain Lillard and Captain Madigan come in person to escort them, but it was believed that this was merely a ruse to kill the officials. Later another letter was brought from the desperadoes by Frank Brooks of Bond county. The note stated that if the warden would come to the head of the steps leading to the reed department the convicts would surrender, first sending their weapons down by Frank Brooks.

Warden Lillard prepared to accept the terms of this note and as a matter of precaution a half dozen guards were placed in the hospital overlooking the reed department. Warden Lillard accompanied by eight men then proceeded to the foot of the stairway of the department. Suddenly the crack of a Winchester was heard, showing that the note was but a ruse.

"We got Bishop," shouted a guard.

The prisoners had emerged from the reed room as they had promised with hands up, but as they proceeded down the stairway Bishop dropped his hands

to his side as if to draw a weapon. He had hardly made the motion when one of the warden's party fired, the bullet striking Bishop in the breast, inflicting a fatal wound. When Bishop fell Mulligan and Brooks sank to their knees, begging the warden to save their lives and by 10 o'clock the two desperadoes, heavily shackled and accompanied by 10 men with drawn pistols, were placed in their cells and quiet had been restored.

After the men had been securely locked up it was discovered that Mulligan had been wounded in the shoulder, though he was not seriously hurt. Foreman Willis, who was held as a hostage by the convicts, went to work as usual after his exciting experience. He says that the desperadoes were perfectly cool and calm.

TWO CUBAN SOLONS.

Desire All Emblems of the United States Removed.

Havana, Aug. 21.—Senator Salvador Cisneros and the Marquis of Santa Lucia have presented a motion in the Cuban senate demanding the removal from the United States coat of arms from the arsenal, the removal of the United States flags and every trace of anything suggestive of the United States.

Senators Cabello and Batancourt signed the motion. The instant the project was read Mendez Capote sprang to his feet and denounced the motion as childish in the extreme and unbecoming dignified men. It was not, he said, in the jurisdiction of congress, but on the president who could be relied on not to take away the emblems of a nation to whom all credit for their liberty was due. Senator Cisneros defended the project, saying that the act of the United States in putting up the emblems in country not their own was unjustifiable. Senator Capote insisted on a vote without further discussion and the motion was voted down unanimously, except the vote of Cisneros.

Dangerous Forest Fires
Cheyenne, Wyo., Aug. 21.—A telephone message from Saratoga states that forest fire conditions are becoming more alarming and that unless the interior department acts promptly much valuable timber and possibly the mining camp of Gold Hill will be destroyed. The message states that the fire which has been burning on the Grand Encampment has been extinguished, but the one between Saratoga and Gold Hill is traveling right along. Governor Richards notified the interior department of the threatened danger in Carbon county and asked that special agents be hurried to the scene.

State Fair Clerks.
Columbus, O., Aug. 21.—The work of direction and management for the state fair will be conducted at the administration building. The following officers will be in charge of their respective departments: President, Samuel Taylor; Treasurer, T. L. Calvert, secretary, W. W. Miller, and assistant secretary, J. W. Fleming. The following assignment of clerks has been made for the recording of entries: Horses, George W. Carey, Lebanon; cattle, E. H. Gridley, Lodi; sheep, W. H. Richard and Frank Brodbeck, Columbus; swine, H. E. Mason, Columbus; poultry, R. H. Ramsdell, Columbus, and J. E. Hutchins, Macksburg; farm products, Ed Loewer, Columbus; woman's work, Miss D. G. Cherry, Newark, and Mrs. Nellie Connell, Portsmouth.

Geological Discoveries.
Berkeley, Calif., Aug. 21.—So important are the recent discoveries of the University of California geological department in the Limestone caves on the McCloud river, in Shasta county, that Professor John C. Merriam, head of the Paleontological work, will join student assistant Eustace Furlong, who is on the scene, digging into the precious deposits. Professor Merriam believes that Furlong has discovered a "fissure cave" and that to fill this crevice in the earth has taken thousands of years. In this case the discoveries will lead back to an indefinite period and the successive layers of soil and gravel will prove a veritable storehouse of geological curiosities.

Hard Coal Offered.
New York, Aug. 21.—The wholesale price of anthracite has jumped to \$10 a ton for stove coal and \$11 for egg alongside. Attracted by the high prices ruling in Manhattan, dealers in towns up the state have been making offers to the New York men to supply coal, some of the offers coming from Troy and Utica. So far as could be learned, the dealers were not in favor of closing with these offers, as the cost of transportation and handling would be added.

Guayaquil, Ecuador, Aug. 21.—The town of Rabahoye, capital of the province of Los Díos, was totally destroyed by fire.

THE LORD GOD REIGNS

President Baer Writes of Almighty's Wisdom Relative to Strike.

IS APPEALED TO AS A CHRISTIAN.

He Advises a Photographer to Pray Earnestly That the Right May Triumph in Settlement of Anthracite Strike.

Wilkesbarre, Pa., Aug. 21.—W. F. Clark, a photographer of this city, recently addressed a letter to President Baer of the Philadelphia and Reading railroad company, appealing to him as a Christian to settle the miners' strike. The writer said if Christ was taken more into our business affairs there would be less trouble in the world and that if Mr. Baer granted the strikers a slight concession, they would gladly return to work and the president of the Philadelphia and Reading railroad company would have the blessing of God and the respect of the nation. President Baer replied as follows:

"I see you are evidently biased in your religious views in favor of the right of the working man to control a business in which he has no other interest than to secure fair wages for the work he has done. I beg of you not to be discouraged. The rights and interests of the laboring man will be protected and cared for, not by labor agitators, but by the Christian men to whom God in His infinite wisdom has given the control of the property interests of the country. Pray earnestly that the right may triumph, always remembering that the Lord God omnipotent still reigns and that His reign is one of law and order and not of violence and crime."

Fight to Bitter End.

Chicago, Aug. 21.—A fight to the bitter end is the way President John Mitchell of the United Mine Workers of America put the situation in the anthracite coal strike. He said he saw nothing for him to do in the strike, but to hold his men firm. Even an appeal to the American people for intercession, he thought could be of no avail. "I see nothing ahead but strife," he said. "Then there are many rumors of action by influential people to bring about a speedy settlement of the strike, but they have all been vague and at present I know of none of fact. Our position is too well known almost to repeat. We favor arbitration. Since the operators, however, will not budge the fight resolves itself into a prolonged struggle. The weakest will lose. The Mine Workers are well fixed financially. We shall not give in."

Potter on Miners' Strike.

New York, Aug. 21.—Bishop Potter, who arrived on the Oceanic, said he had a delightful trip abroad, but was glad to get home. "I am surprised and sadly disappointed to find the coal strike still unsettled," he continued. "It is certainly too bad that it has not been settled long since. I supposed it was all over. The anthracite coal operators have all along maintained a false position. They take the stand that they will not deal with the organizations, but insist on dealing with the men as individuals. Now this is all wrong. Any body of men whose interests are common have the right to organize into a federation for mutual protection, and are entitled to recognition as an organization in matters which affect their individual and combined interests."

Strikers Protect Soldiers.

Tamaqua, Pa., Aug. 21.—The battalion of the Twelfth regiment encamped at Manila park near here, spent a quiet and uneventful night. A heavy guard was thrown around the camp in such a position that no attempt might be made to stone the sentries, but the precaution was unnecessary as none of the strikers ventured near the camp during the night. The striking miners strung a cordon of guards on the outside of the sentry line of the camp. They say they have done this to better protect the soldiers and to keep their own men out of the camp, as the leaders say they have no business there.

Washery Resumes.

Wilkesbarre, Pa., Aug. 21.—The Warnke washery at Duryea resumed operations under a strong guard. The works are surrounded by deputy sheriffs and coal and iron police. The strikers have not gathered in any large numbers as yet.

New York, Aug. 21.—Moses Rosenberg, aged 3, died from burns, making the sixth death that resulted from the fire that swept through the six story double tenement at 35 Essex street.

Message From Bowen.

Washington, Aug. 21.—A telegram was received at the department of state from Minister Bowen, dated Caracas, in which he reported that the government forces had evacuated Cumana. He further stated that he had been informed that Germany, France and Great Britain, through their representatives at Caracas, had jointly characterized the Venezuelan declaration of blockade as inefficient, whereupon the government asked for proof and suggested that merchant vessels be sent to test the efficiency of the blockade. Minister Bowen has informed the Venezuelan foreign office that the policy of the United States is not to recognize a blockade found inefficient and to this announcement no objection was made, the Venezuelan minister acknowledging it to be sound.

ALGER IS CANDIDATE.

Former Secretary of War Is Willing to Take a Seat in the Senate.

FORMAL ANNOUNCEMENT IN FULL.

While He Will Not Seek the Appointment Or Election, He Says That He Will Accept the Honor.

Detroit, Aug. 21.—General Russell Alger, former secretary of war, is

sued a statement announcing himself a receptive candidate for the United States senate from Michigan, to succeed the late James McMillan. He says that while he will not seek election as Senator McMillan's successor, he will accept the office if the people of the state through the legislature see fit to elect him to it. The statement is as follows:

"I will not seek the appointment or election to the office of United States senator to fill the vacancy caused by the death of Senator McMillan. The office and honor are too great to be thus gained. Should, however, the people of Michigan, through their legislature, see fit to elect me to that high office, I will accept it and fill it to the best of my ability. To the friends who have so kindly expressed a desire to have me thus chosen as their representative, I wish to tender my grateful thanks."

General Alger declined to be seen by newspaper men after the statement has been issued, sending word that he had nothing further to say.

A note asking him "Will you make any effort to secure the election of members of the legislature favorable to your senatorial candidacy?" was sent to him in his private office. In reply asking him "Will you make any effort to secure the election of members of the legislature favorable to your senatorial candidacy?" was sent to him in his private office. In reply

he could answer no questions at present.

With Chinamen on Board.

San Francisco, Aug. 21.—The steamship Gaelic, with 350 Chinese on board, is soon due at this port. These Chinese, it is alleged, are being brought to San Francisco to man the new steamship Korea. The sailors' union recently protested against this to Collector Stratton, declaring that a violation of the immigration laws was contemplated. The matter was referred to the treasury department at Washington, which directed the collector to permit the Chinese to land.

On being informed of this fact, the sailors' union prepared another protest which has been forwarded to the secretary of the treasury, who is asked not to allow the Chinese in question to be transshipped from the Gaelic to the Korea.

Egyptian Relics.

San Francisco, Aug. 21.—George Reisner, who for two years has been delving in Egypt for archaeological specimens for the Phoebe Hurst museum at the University of California, has reached this city. He has secured many valuable curios. The most valuable and rare articles exhumed were gold jewelry of the time of the First Dynasty. These were taken by the Egyptian government for the concession of searching for ancient relics in the country. Four hundred boxes, shipped from Egypt by Dr. Reisner, are now on their way to the university.

Many of the articles they contain are without duplicates in the world.

THIS has the right ring to it. In his solution of the trust problem Bryan says: "Take all trust made goods off the protected list. Grant no bounties. Administer the law impartially and make the great money maker pay his proportionate share of the government's expenses. Give the poor man a chance."

LET THE PEOPLE SPEAK.

It is plainly evident to anyone whose vision is clear enough to see through the veriest gold brick swindling scheme that there will be no revision of the present trust-fostering, monopoly-sheltering tariff if the Republican party controls the next House of Representatives. The sensible farmers of Iowa have said, "We favor any modification of the tariff schedules as will prevent their affording shelter to monopoly." Secretary Root has admitted that "the only way to reach the trusts is by revising the tariff," yes, and the Chairman of the Republican Congressional Committee himself has said with much unctuous, "Shall we continue a tariff on articles which are, in fact, articles of export?" If Congress maintains a tariff on such articles it simply inures to the benefit of those who may secure control of any such commodity, since by its aid they can fix exorbitant prices in the domestic market. How can such a policy be defended? Yet despite all this the straight laced party organs are coming out and saying that there is no demand for tariff revision and that there will be none. The New York Press for instance, a paper which is supposed to reflect the sentiments of the administration, says that the American people are perfectly satisfied with the present tariff. Perhaps the administration has forgotten Mr. Babcock's assertion that if the tyrannical rule of the House were relaxed "it would be passed by a majority of three to one." But their saying so does not make it so. The people who are paying higher prices for American made goods than the foreigners have to pay, the people who are being robbed by the trusts which are sheltered behind the tariff, the people who are paying the exorbitant prices those in control of the domestic market see fit to fix, they will insist that the tariff must be revised and the administration does them a service in being frank enough to admit that they do not propose doing such a thing. These people will be heard from in November and in such a way that even a Republican Senate will not dare to thwart the purposes of the Democratic House they will elect.

The lecture announced for to-night at Mitchell's Chapel has been postponed.

There's a story of a farmer and his son driving a load to market. Of the team they were driving one was a steady reliable old gray mare, the other a fractious balky black horse. On the way the wagon was stalled and the black horse sulked and refused to pull. What'll we do, father? said the younger man. "Well" said the father, "I guess we'll have to lay the gad on the old gray." That homely compliment to women: "The gray mare's the better horse" suggests how often when there's an extra strain to be borne it is laid on the woman's back. How often she breaks down at last under the added weight of some "last straw." Women who are dragging along weakly through life can gain real strength by the use of Dr. Pierce's Golden Medical Discovery. It puts back in concentrated form the strength making material which working women use up more rapidly than it can be restored by Nature in ordinary processes of nourishment and rest. Dr. Pierce's Pleasant Pellets are universal favorites with women because they are easy to take and thoroughly effective in curing the consequences of constipation.

OUR WAY OF

SELLING CORSETS

Is to suppress all sensational statements—to deal in facts, not in figures of speech. We substantiate every word we put in type. We aim to sell corsets as if we sold nothing else. THE P. N. CORSETS are unexcelled in three great points—they Bend Freely, Fit Snugly, Wear Economically. The stays are of high grade material and each is moulded to fit the curved lines of the body, making the corsets fit with a comfortable nicety that requires no "breaking in." We have twelve different styles of the P. N. which assures fitting any figure whether slight or full and long, short or medium waist. The corsets are nearly all straight front, but we have the less pronounced styles for those who want them. If you prefer a light or heavy corset you can easily choose as we have many models in both coutille and batiste. See them! That's better than reading their good qualities.

Better corsets at better prices can't be found.

BIG FIRST DAY.

Attendance at Elks Fair Wednesday Ahead of Last Year's Opening Crowd.

List of Premiums Awarded—Floral Hall and Poultry Exhibit a Fine One.

The Races.

The Elks fair of 1902 opened Wednesday under very favorable auspices. The gate receipts show that the attendance was ahead of last year's first day, and all things point to a successful week. The electric cars were unable to handle all the crowd, but the C. and O. will run its fair trains the rest of the week, so there will be no trouble reaching the grounds. The industrial parade Wednesday morning was nearly three-quarters of an hour passing a given point, and was a success in every respect. Some merchants and industrial establishments who were represented in last year's parade were missing from yesterday's procession, due probably to the fact that when they do make a display they aim to make it the best, and it takes money to do that. With some slight variations, the order of the procession and line of march was as heretofore published. Many of Maysville's business firms made elaborate displays, and the fancy turnouts were handsomely decorated, the colors of the Elks predominating. The parade was witnessed by a big crowd, the line of march being thronged. The general verdict is that it was ahead of last year's in many respects. Especially was this true of the many fancy turnouts.

At the grounds in the afternoon there was a fine exhibition of draft, saddle and harness horses and of mules, some of the rings being unusually large. The successful exhibitors were:

Draft stallion, any age, \$10; W. K. Wilson.
Draft mare, any age, \$10; Geo. Knoweshow.
Draft colt, any sex, any age, \$7; Harvey Buckanan.
Saddle mare, four years old and over, \$10; James Brannon.
Saddle mare, three years and over, \$10; Everett Poe.
Harness gelding, four years and over, \$10; Jefferson Bros.; second premium, C. T. Donnell.
Harness gelding, three years and over, \$10; C. T. Biggers.
Harness gelding, two years and over, \$8; John Struve.

Road stallion, \$15; Dr. Hord.
Mule, one year, \$8; E. R. Davis.
Mule colt, any sex, \$10; E. R. Davis.

Pair of mules, age to be considered, \$10; E. R. Davis.

The 2:27 trot for a purse of \$300 was on the program for the day. It required six heats to settle this race. Jennie V. took the first and second, and then the third had to be declared a dead heat, she and Boltocrat finishing nose and nose. Boltocrat then won the next three heats and the race. Summary:

Jennie V.....	1	1	2	3	3	2
Boltocrat.....	2	3	2	1	1	1
Alex.....	3	2	3	2	2	dr
Nordeck.....	4	dr				

Time—2:24½, 2:24½, 2:25, 2:29, 2:32.

Three horses started in the race for Mason County pacers—Sheriff Rober-son's Annot Lyle, Squire Rice's Bessie Rice and Mr. Elzie Clift's Raglan. Raglan won in straight heats. Summary:

Raglan.....	1	1	1	1	1
Bessie Rice.....	2	2	2	2	2
Annot Lyle.....	3	3	3	3	3

Time—2:21½, 2:21½.

But talk about racing, the horses are not in it with the automobiles. Mr. Jack Graham, of Chicago, gave an exhibition mile during the afternoon in his racing machine, the Wilton. He came down past the three-quarter pole to get a good start, and then turned the machine loose. At the east end of the track the curve is

so short that the power had to be shut off to make the turn safely, but beyond that the auto fairly flies. The mile was made in 1:36½. Mr. Graham and Mr. Fischer are down for races this afternoon and to-morrow afternoon. People of Maysville and the surrounding country should not miss this opportunity to see the "flying machines."

The floral hall display is probably the finest in years. Managers Brown and Murphy and their assistant, Miss Amy Phister, have the large number of articles all nicely arranged. The poultry display and exhibition of Belgian hares are also unusually fine. The list of successful exhibitors will be published tomorrow.

The First Regiment Band is delighting all with its splendid musical program.

The free exhibition by Rice's dog and pony show in front of the grand stand daily catches the little folks.

Tariff Beauties.

[Exchange.]

The American consumer pays \$28 for the same steel rails that the steel trust sells in Europe for \$17 per ton.

He pays \$2.25 wholesale for wire nails that the nail trust sells in Europe for \$1.30.

He pays \$3.75 for a coil of barbed wire which any foreigner can buy of the wire trust for \$2.20.

He pays \$50 for the same sewing machine for his wife that the sewing machine trust sells to a foreigner for \$17.

He pays 175 per cent. more for sugar than the foreigner does, 60 per cent. more for glass fruit jars, twice as much for his washboards and his axle grease, and 30 per cent. more for his shovels.

For nearly every necessity of life the American consumer pays from 30 to 50 per cent. higher than the same goods are sold in foreign markets. These are the infant industries that the Republican party is protecting at the expense of the public.

What a high tariff does to the people is exactly as much as it does for the trusts.

From a barrel of seed potatoes and a one-inch advertisement in a newspaper, a Michigan seed company has grown to a business of \$200,000 a year in the course of six years. The barrel of seed potatoes was essential as the stock of the concern, but not more necessary than was the one-inch advertisement, according to the statement of the head of the establishment.

"The Elks Fair"

Will doubtless bring one of the largest crowds Maysville ever had the honor to entertain. Hechinger's store has for years enjoyed the distinction of being headquarters for the "boys," old and young.

Again we invite all visitors from near and far to make our "place" their own. Your parcels and packages you do not care about luging around with you will be taken care of. Whilst you are in town and care to look at what we have in store for you in the way of the greatest line of Clothing for all ages, we will show you with much pleasure.

In view of the crowds that will be with us, we have arranged to have our Fall Clothing in the house in time to show them to you. You will see none like ours elsewhere. With us you can choose from the celebrated houses of Stein Bloch Co., L. Adler Bros. & Co. and Garson Meyer & Co. If you do not know the kind of Clothing these manufacturers turn out ask other clothiers.

During the week you may need Shirts, Collars, Ties, etc. We have an immense variety of all of these.

Our Fall Shoes made by Hanan & Son and W. L. Douglas are in. WE WOULD LIKE FOR YOU TO LOOK AT OUR MEN'S SHOES.

"A full line of Dress Suits for rent."

Be sure and call on us. We will be fully as glad to see you socially as we will be on business.

THE ICE PIERS.

Assistant Engineer Bone Here and Wants to Complete Their Construction This Fall.

Assistant Engineer Frank A. Bone of the Cincinnati district is here to locate the ice piers and push the work of construction. He hopes to have them completed this fall.

The piers will be located below the mouth of Limestone Creek, and Mr. Bone wishes to settle with the interested parties for the riparian rights just as soon as possible, and a called meeting of the City Council will likely be held in the next few days for this purpose.

A contractor is here to-day to put in a bid for the work.

It was due to Congressman Kehoe's good work at the last session of Congress that the appropriation of \$21,000 for these piers was secured. Wharfmaster Phiester is confident the piers will prove a big thing for Maysville's river interests.

Gilbert Strode died a few days ago at his home near Mt. Carmel after an illness of two weeks of typhoid fever.

Miss Gordon announced she will open her private school for boys and girls in the chapel of the Church of Nativity the first Monday in September, 1902. The chief aim of the school shall be to instill high principles and to develop true and noble character, while the same careful drill and thorough discipline which have characterized her work in the Girls' High School the past fourteen years will be adhered to. Those wishing particulars may call on H. C. Sharp, State National Bank, Maysville, or write Miss Gordon, Maxwell street, Lexington, Ky.

Rev. H. L. Searcy has resigned the charge of the Baptist Church at Lewisburg.

A revival at Somerset Church, Montgomery County, closed with twenty-four additions.

Charles W. Roberts and Miss Fannie Collier, of Fleming County, were married Thursday.

Mrs. Rachael F. Browning, of Washington, has been granted a pension of \$8 per month from July 18, 1902.

At Owingsville, a child, whose weight was only one and a half pounds, was born to Mr. and Mrs. James Bohannon.

Miss Blanche Edgington, of Vancburg, and Henry C. Little, of Manchester, were married at Portsmouth.

A hogshead of tobacco raised on Judge Lewis Apperson's farm near Sharpsburg was sold at Cincinnati the other day at \$39 per hundred.

The saloon license at Washington City has been raised from \$400 to \$800 a year. It is expected to reduce the number of saloons one-half.

W. A. Quinn, colored, charged with assaulting a twelve-year-old colored girl near Ewing, was lodged in jail at Flemingsburg Monday.

A C. and O. freight train ran into a drove of cattle at Mt. Sterling and killed and injured eighteen. The stock belonged to H. Clay Turner.

The Treasury Department has made out a warrant for \$67,960.65, payable to Kentucky. This is the last of the payments due the State for expenses incurred in equipping troops for the Spanish-American war.

LOVING TRIBUTES

Paid to the Memory of Rev. Father John Hickey—The Funeral This Morning.

The remains of Rev. Father John Hickey arrived last evening over the L and N. The Knights of St. John and the Cadets acted as escort from the station to St. Patrick's Church, Rev. Father P. M. Jones and the visiting priests acting as pallbearers.

Arriving at the church the body was removed from the hearse and placed in position in front of the main altar, the choir chanting the *de profundis* while the solemn procession slowly passed up the aisle. The priests present recited a brief prayer, after which the large number of friends of the departed were permitted to view the remains of one they tenderly loved in life for his many noble qualities of head and heart, his charity and the Christian exemplification of a pure life. The devoted friends knelt quietly in prayer for a while before leaving the sacred edifice.

The Knights took their position near the casket and acted as guard during the night. The altars and sanctuary were heavily draped in mourning.

In addition to the priests already mentioned, Rev. Fathers Ryan, of Winchester, Cusick, of Brooksville, and Greifencamp, of Augusta, were here to attend the funeral.

Rev. C. R. Vawter, formerly of Springdale, assisted by Rev. Bersot, is conducting quite a successful series of meetings at Glendale, near Elizabethtown, Ky. At last reports there had been thirty-nine additions.

Hiram Evans, charged with being implicated in the robbery of John R. Evans's store at Plummers Landing, was arrested by Sheriff Collins and Matt Brumel near Mayslick and jailed at Flemingsburg.

The young man admitted his guilt and says that his companion induced him to engage in the robbery. He gave bond for \$200.

Eugene Collins, infant son of Mr. and Mrs. Mart Crowell, died at 4:30 o'clock Wednesday afternoon at the home of the parents on Lee street, of cholera infantum, aged five months. The funeral will take place this afternoon at residence at 4:30 o'clock, Rev. F. W. Harrop officiating. Burial in the Maysville Cemetery. The parents have the sympathy of their many friends in their bereavement.

Some impudent tramps visited the homes of Mr. Jackson, Mr. Connors, Mr. John Y. Dean, Mr. W. P. Gordon and Judge Whitaker on Forest avenue Wednesday morning, frightening Mrs. Connors, Mrs. Dean and Mrs. Jackson. None was at home at Mr. Gordon's and Judge Whitaker's and the tramps helped themselves to a water melon, a dozen eggs and a lot of other eatables, and then took a stewpan and butcher knife, and crossing the railroad to the stable on the Cochran lot built a fire and feasted on what they had stolen. They made their escape before the men returned. It was a lucky thing they got out of the neighborhood when they did.

A MAYSVILLE PASTOR.

A Texas Paper Pays Rev. Dr. John H. Boyet a High Compliment.

The Hopkins County Democrat, published at Sulphur Springs, Tex., has this to say of Dr. J. H. Boyet, the popular pastor of the First Baptist Church of this city:

This eminent pulpit orator and scholarly gentleman was a recent visitor to this city, the guest of his son-in-law, Abel Pate. While here he delivered two of his characteristic discourses to full houses in the spacious auditorium of the Baptist Church. We say characteristic, because he preaches now like he did when he was pastor of the Baptist Church in this city nearly fifteen years ago, and although he has since been invested with the dignified degree of Doctor of Divinity, his marked individuality remains unchanged. As a religious teacher the scope of his splendid intellect is broader and deeper; and yet he stands not upon the high pedestal of an ecclesiastical dignitary; but his natural oratory and eloquence, by reason of its simplicity, touch alike the hearts of the haughty and the lowly, inviting aspirations to a higher, nobler, diviner life. With the faculties of comparison and unerring continuity of thought, he presents his subject and holds his audience until they are imbued with his spirit, just like he did years ago, when he taught the people the beautiful life of Christ, and the grandeur and divinity of the Christian religion, in the small wooden Baptist Church-house in this city, years ago. The writer will not forget what he once said on the subject of "Who is My Neighbor?" After an exposition of Christ's illustration of the man who was beaten and robbed by thieves and left bleeding and perhaps naked, lying by the roadside and was passed, without succor, by a Levite and a priest, a Samaritan came along, stopped, bound up the man's wounds, took his own coat and put on the man, carried him to an inn and paid in advance for his board and nursing, with the promise to return and pay any additional charges there might be, Dr. Boyet said: "That neighbor of whom I can only say, 'he never did me any harm,' is a very poor neighbor, indeed."
